21 April 2011

President of the Croatian Philatelic Federation  
Mr. Ivan Librić

Dear Ivan

Kirsten and I are now safe back in Denmark loaded with wonderful memories from our 5 days stay in Opatija.

I will like to congratulate you with the result - everything was so well organized.

The locations of the different activities - the Crystal Hall of Hotel Kvarner for the exhibition, Villa Angiolina for the FEPA Congress and the Thematic Seminar and finally the Golden Hall of the Hotel Imperial for the Palmares were all so prestigious - it couldn't be better.

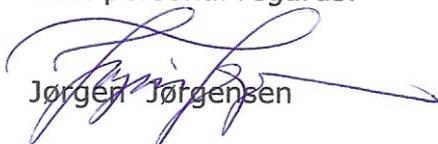

For philately within the Alpe-Adria area - an exhibition like this - is an important investment in the future of philately - and what is good for a part of Europe is good for philately in general in Europe and for FEPA.

On behalf of FEPA I will like to thank you and your team for the many resources you all have invested in this project - and I congratulate you with the results.

Once again I will like to thank you for the invitation to host the 27<sup>th</sup> FEPA Congress

An exhibition like ALPE-ADRIA PHILA 2011 only last in 4 days but the memories – from the exhibition and the wonderful city of Opatija - will stay.

Best personal regards.

  
Jørgen Jørgensen
